

**A powerful prayer for  
the opening of the  
WAYS to Happiness and  
Love, as well as for  
Victory over the Enemy**

I walk with the hidden Great Power  
That protects me against danger  
With a firm, confident step  
Happiness is what I am looking for  
It opens the door to wealth and  
prosperity.

I walk with the Blessed Father St.  
Joseph  
Who with his powerful flowering staff

You make my path green with good  
love.

I am with the magnificent St. Peter.

He holds the key to heaven.

My body is locked with the key

Both spiritual and physical enemies

The key to unlock my doors

To happiness, abundance, and success.

I agree with Our Lady.

The most holy mother of Jesus.

She has stepped on serpent's head

You will not be able to offend again.

I have the power to trample upon my  
enemies.

St. George is my choice

Because he was a warrior who could  
not be defeated.

I will also conquer

All the fights in life

All my enemies.

I will always be enlightened

With the sacred guiding star

I will always be enlightened

By the 13 rays from the sun

That illuminates and opens my paths.

I will remain invisible forever  
To anyone who would hurt me  
To anyone who would like to hurt me  
Anyone who is ungrateful in their  
treachery.  
My downfall is my goal.

It will be as it is.

Pray seven times for the Our Father and  
seven time for the Ave Maria.
